Attention: **Customer Name**

Please review the below equipment Quotation of BECCA's answer for Waterborne applications. We are pleased to quote the following:

BECCA ENVIRO™ E300A Automatic/Manual Waterborne Spray Gun Cleaner w/ Pre-Rinse System:

Manual Cleaning:

- **Manual Flow Brush** with coil hose. This system allows the operator to take advantage of the stiff nylon bristles for pre-cleaning tough impacted areas. It has a Flow Control Valve for easy operator adjustment depending on their needs.
- **BECCA POWERPISTOL™** – Quick and powerful spray gun cleaning - ideal for cleaning disposable liner/cup systems.

Hands-Free Automatic Cleaning:

- **Hands-Free Cleaning Basin** designed to have solvent spray around and flow thru the Spray Gun.
- Hands-Free Cleaning Basin is made of stainless steel, large enough to clean two spray guns and cups at the same time.
- **Patent Pending Extension Nozzles** for mounting various Spray Gun configurations and Gun Clips for holding the gun trigger. The unique design helps clean the threaded areas that others cannot.

Spray Gun Cleaner General:

- **Made in USA**
- **Power-Clean™**. Compressed Air connection with a High Flow QD protecting the air passageways during the cleaning process.
- **Pre-Rinse System** – Pre-Rinse process to reduce waste solids thrown into cleaner. Waste management process using H2O Dry. Includes Pre-Rinse Bottle, Funnel, Container, 6 pack of H2O Dry, 3 Stir Sticks & 3 Liners.
- **Air Pistol** – for quickly drying interior and exterior residual fluid
- **High Flow Composite Quick Disconnect** – Specifically for water-based materials
- **1- Heavy Duty Diaphragm Pumps**. Handling both “Used Solvent” for the primary cleaning and “Clean Solvent” for rinsing.
- **5 gallon HDPE container** – A 5 gallon HDPE container is included with the system for waterborne cleaning materials
- **2-year Limited Warranty** – longest in the industry.
- **Solvent Resistant Ultra Powder Coated Finish** over heavy-duty metal construction.
- **Water Wave™ Concentrated Cleaning Solution & Clarifier Packet Starter Kits**
- **BECCA Care™ Service** – BECCA has next day delivery of service parts and a national network of Service Centers across the country to assure the uptime of our systems.

Options:

- **Heat Package** – BECCA's heat system elevates the cleaning fluid temperature providing better cleaning. Standard model for general purpose locations (120V @ 4.6A) & Heat-On-Demand Class I Div 1 (Exp-proof) model. (120V @10.5A)
- **Protect™ Film** – This is a maintenance film that makes clean-up simple and easy
- **POWERCLEAN™ Kit for 2nd Spray Gun in Automatic Wash Basin** – adds a 2nd compressed air connection in the wash basin for cleaning 2 spray guns simultaneously

“Innovation For Waste Minimization”

- **Clarifier Recycling System w/ Air Bubbler** – Batch process includes 3-container Clarifier System for Fluid Recycling. Includes (3) 5-gallon pails, (2) lids, (1) liner, (1) pre-filter, (1) final filter & Bubbler Kit w/ Flow Control.
- **Single & Dual Cartridge Filtration Recycling System** – Continuous process filtration minimizes labor efforts. Single Includes (1) 75 micron filter Dual Includes and (1) 75 micron filter and (1) 25 micron filter for fluid recycling.
- **TURBO™ Pressure Pot & Fluid Line Cleaner** – This system was designed to handle the cleaning of Pressure pots &/or pressurized fluid lines typically found in large or high production operations. The Turbo action will clean the pots &/or lines to a level that assures success
- **Extension Tube** – Necessary for Pressure Feed Spray Guns to mount in Automatic Cleaning System
